
If you want to edit videos, but aren't sure where to start, let me help with this introduction. I'll cover what video editors are, what the most popular ones are like, and hopefully give you enough information so that you can make an informed decision on which one is right for you. This is a deep dive into video editing software tools that will allow professionals and amateurs alike to create powerful videos quickly and easily. By the end of this article, you should know how it all works and be able to select the right tool for your needs.
